

Three simple steps to apply for a HealthPartners individual health plan

1. Choose a deductible that fits your needs and budget.

A deductible is the amount that each family member will pay upfront each year. Once you have paid that amount in medical expenses each year, HealthPartners pays 80 percent to 100 percent of expenses. Don't forget – with the Three for Free plan, your first three office or urgent visits per year are covered at 100 percent with no deductible!

If you're not sure which deductible is right for you and your family, contact HealthPartners. We're here to help you understand your options.

2. Complete an application online, via mail or fax or talk to your broker.

Visit healthpartners.com/individual for details.

It's helpful to have the following information handy while you complete your application:

- Current and previous health insurance information
- Doctor's contact information
- Information about your health history and medications
- Payment information (payment for your first month's premium is due with your application)

3. Learn about the review process.

Applications for the HealthPartners Three for Free individual plan are reviewed by our underwriters, and you will be notified of a decision in one to two weeks. A decision on your application may take longer if additional medical information is needed. For full details on the application process, visit healthpartners.com/individual.
