

Platinum BlueSM (Cost)

2011

Great value in a comprehensive medical plan

Original Medicare covers some of your health care expenses, but there are still deductibles, copayments and coinsurance that you must pay. Platinum Blue, a Medicare-approved Cost plan from Blue Cross and Blue Shield of Minnesota, can help.

Platinum Blue offers you a choice of three plan options. With each option, you'll enjoy these plan features:

- **Medical coverage when and where you need it**
Travel throughout the United States for up to nine months and receive plan benefits from any provider that accepts Medicare. No referrals needed. You'll pay the same cost sharing that you pay at network providers in Minnesota. You're also covered for emergencies worldwide.
- **Annual limits on how much you pay**
Each plan option provides the protection of an annual out-of-pocket maximum. Costs you incur under the travel benefit are also applied to this maximum.
- **Enroll any time of year**
You can enroll in Platinum Blue at any time, as long as you meet the eligibility requirements and are not locked in to your current plan.
- **Preventive care**
All plan options include coverage for various routine services and screenings.
- **The SilverSneakers® Fitness Program**
Receive free access to amenities such as treadmills, weights, heated pool and fitness classes that are included with a basic fitness membership. You can also participate in health seminars and fun social events with others who share your interest in a healthy lifestyle.

A tradition of care

Blue Cross has been helping Minnesotans with health care for over 75 years and people with Medicare since the program began. You can count on us to be here providing protection, value and service.

Eligibility and enrollment: You are eligible to enroll in Platinum Blue if you are entitled to coverage under Medicare Part A and enrolled in Medicare Part B (or enrolled in Medicare Part B only) and reside in the plan's service area. You can be a member of only one Medicare Advantage or Medicare Cost plan at a time. By enrolling in Platinum Blue, you will automatically be disenrolled from any other Medicare Advantage or Medicare Cost plan of which you are a member. You may not be eligible to enroll if you have permanent end-stage renal disease (kidney disease requiring dialysis or a kidney transplant) unless you are currently enrolled in a Blue Cross and Blue Shield of Minnesota plan.

Prescription drugs: Platinum Blue does not include coverage for prescription drugs. If you enroll in Platinum Blue and want prescription drug coverage, you must enroll in a separate Medicare Part D prescription drug plan for an additional monthly premium. To learn more about Medicare Part D prescription drug plans offered by Blue Cross, contact your sales representative or Blue Cross at the number listed below.

Network: Blue Cross has formed a network of doctors, specialists, hospitals and other providers for Platinum Blue. You can use any provider who is part of this network without a referral. The health care providers in the network may change at any time. You may search for providers on our website, request a provider directory or contact us at the number below to see if your providers are in the network. Each provider is an independent contractor and is not our agent.

Beginning with your effective date, to receive the highest level of benefits while in the service area, you must get all of your health care from network providers, with the exception of emergency and urgently needed services. If you go to a provider outside of the Platinum Blue network (in the plan's

service area) who accepts Medicare patients, your coverage would be the same as Original Medicare. Original Medicare deductibles, copayments and coinsurance apply. In addition to being covered in the United States, emergency services are covered worldwide. You will receive in-network benefits for eligible services received outside the service area within the United States for up to nine (9) months each year.

Federal contract: Our contract with the Centers for Medicare & Medicaid Services (CMS) is renewed annually. Enrollment in the plan after December 31, 2011 cannot be guaranteed. Either CMS or the plan may choose not to renew the contract, or the plan may choose to change the area it serves. Any such change may result in termination of your enrollment. Benefits, plan premiums and cost-sharing (copayments or coinsurance) may change on January 1, 2012.

Plan Ratings: Medicare rates how well plans perform in such areas as detecting and preventing illness, and customer service. The ratings are online at www.medicare.gov. Select "Compare Health Plans and Medigap Policies in Your Area." Or see the enrollment kit, visit our website or call us at the number below to get a copy.
